DELIVERING PREMIUM HOME COMFORT SERVICE SINCE 1946

Fall 2023

Dear Valued Customer,

We hope that you enjoyed the summer of 2023 to the fullest with friends and family. We hope there's still plenty of nice weather left for outdoor barbecues, a dip in the pool, and time with those you care for most. Speaking of caring, Drum Oil & Propane would like to remind you that we care deeply for you, our customers, and we would like to extend our thanks for your continued support of our business. Without you, we wouldn't be able to do what we love, which is bring you the premium home comfort services you need at a price you can afford.

We know that with the changing seasons comes a new list of things to do around your home, which is why we're including a list of helpful energy-saving tips in this newsletter. We're also sharing information on our affordable pricing program, so you can get ahead of your fuel costs, along with a "Best Decorated Oil Tank & Best Landscaped or Painted Propane Tank" contest, and info about our heating and cooling installations. Last but certainly not least, we want to announce that our fuel oil and propane pricing plans for the 2023-2024 heating season are here! We encourage all our customers to take advantage of a pricing plan for your fuel that fits your unique needs and budget.

As always, when you need us most, we'll be here for you. If you would like to schedule service or request a delivery, please visit [DrumOil.com](http://DrumOil.com) or give us a ring at (877) DRUM-OIL. Our family is here to keep your family comfortable, no matter the season.

Warm regards,  
**Drum Oil & Propane**

# Drum Oil & Propane Pricing Plans Are Here!

## Choose from Cap, Prebuy, & Balanced Budget

Our fuel pricing plans for the 2023-2024 heating season are here. Each of these plans are designed to help protect you from unpredictable price swings and volatility in today's energy markets. If you have questions about our pricing plan offerings, we encourage you to call our office at (877) DRUM-OIL. If you haven't received anything from us yet, be sure to call the office and ask about our pricing plans. We're sure you'll want to join one!

If you haven't connected with us on all of our platforms, we invite you to do so! You can always call our office if you'd like a helping hand signing up for our email list or finding our Facebook page. Our dedicated customer service reps are always here to help.

## How to Save Energy & Money Around Your Home

Looking for ways to reduce your home comfort bill? There are lots of things you can do while the temperatures are still warm to lower your home comfort bill and allow you the freedom to use those savings however you want.

### Top Ways to Save on Energy Costs

- **Schedule Your Annual Tune-Up:** Enjoy greater efficiency and avoid a costly breakdown when you schedule a tune-up for your air conditioning system as well as your heating system.
- **Program Your Thermostat:** Cutting back on air conditioning frequency can save you up to 10% on your annual home comfort bills. You can also program your thermostat in winter so your home stays at your ideal temperature year-round.
- **Top Off Your Oil or Propane Tank:** Requesting a tank fill-up from Drum Oil & Propane now will ensure that you have heating fuel when you need it.
- **Enjoy the Great Outdoors:** Skip the treadmill or TV and go for a walk outside to save energy in the home.
- **Cook on the Grill:** Cooking outside cuts back on power used inside.
- **Boost Your HVAC System's Efficiency:** Consider installing a high-efficiency ductless mini-split A/C, central A/C, or heating system from Drum Oil & Propane.
- **Take Advantage of Your Blinds and Curtains:** Keep your blinds and curtains drawn to prevent the sunlight from naturally warming your home's temperature. Plus, when the temperatures outside cool down, you can easily reverse this tip to use sunlight to warm the inside of your home.

# Now's the Time to Install a New Heating or Cooling System

Enjoy cooling comfort during the rest of the summer or prepare your home for a winter with better heating! At Drum Oil & Propane, we proudly install the best brands of high-efficiency furnaces and boilers, as well as central and ductless air conditioners. Whether you're looking to upgrade an existing heating or cooling system or to install a new one, you can count on us for expert installation at a price that won't break the bank. Here are some of the reasons you should choose Drum Oil & Propane for your heating or cooling installation:

- We only install top-rated, reliable brands of HVAC equipment
- We work with you on the process from start to finish
- We don't leave until you're 100% satisfied

**SCHEDULE YOUR FREE HVAC ESTIMATE TODAY!**

Contact us today to discuss your A/C or heating equipment installation needs, and we'll schedule a time that's convenient for us to come out to your home.
